

ISQM

INTERNATIONAL STANDARD ON QUALITY MANAGEMENT

SAICA ISQM Workshop

Workshop 4 - Resource

7 July 2022

The Auditor-General of South Africa has a constitutional mandate and, as the supreme audit institution (SAI) of South Africa, it exists to strengthen our country's democracy by enabling oversight, accountability and governance in the public sector through auditing, thereby building public confidence.

To be recognised by all our stakeholders as a relevant SAI that enhances public sector accountability.

AGSA Lessons learnt and experiences – Five Themes

Theme 1 - START!

ISQM implementation date – 15 December 2022

Theme 2 – Project planning and management

 Identify progress challenges that require intervention

- Stage of completion by process owner can be tracked
- Identify process owners who are behind schedule
- Identify stagnant deliverables or nonresponsive process owners
- \checkmark Identify dependencies that may be delayed
- Identify extent of deliverables by process owners
- ✓ Identify areas of potential non-compliance with ISQM

ISQM implementation date – 15 December 2022

Theme 3 – The standard and its related guidance

ISQM implementation date – 15 December 2022

Read it – The standard, first time implementation guide, basis of conclusion and other relevant material.

Scalability - The AGSA has a complex environment and benefited from the scalability examples in its implementation efforts.

Public sector consideration – As a SAI with a constitutional mandate legislated by the PAA the public sector consideration in the standard has been relevant

Leadership involvement – It was important to obtain leadership support at the onset of the project to ensure that the tone at the top is set.

Allocation of responsibilities – ISQM1.A35 became very relevant to the AGSA when allocation responsibilities (i.e. PAA)

Policies – The AGSA has a significant number of policies that were ISQC1 applicable. The practical examples on the effective date was useful in this regard

Theme 4 – Risk assessment process

ROBUST RISK ASSESSMENT PROCESS

ISQM implementation date – 15 December 2022

 $\boldsymbol{\boldsymbol{\succ}} \boldsymbol{\boldsymbol{\succ}} \boldsymbol{\boldsymbol{\succ}} \boldsymbol{\boldsymbol{\times}} \boldsymbol{\boldsymbol{$

Theme 5 – Awareness and change management

Left before 15 December 2022

ISQM implementation date – 15 December 2022

THANK YOU
