

# GROWING FINANCIAL EXCELLENCE IN SMMEs

SAICA Enterprise Development (SAICA ED), through its vision, supports the NDP: Vision 2030 by Government in terms of growing sustainable Black businesses so that they can create jobs. For that reason, we partner with both the Private and Public sector to formulate and implement entrepreneurship initiatives that will tangibly contribute to economic growth.

## INTERVENTIONS

SAICA Enterprise Development has the key strategic focus of developing Financial Excellence in SMMEs through the following core interventions, in partnership with various designations of SAICA:

Accounting and  
Back Office Support

Finance Boot Camps

Finance Coaching

SMME Preparation  
for access to  
Funding

**SAICA ED also combats the issues faced by unemployed accounting graduates** by ensuring that they play a part in providing affordable accounting services to small business as part of our core intervention.

This allows them to get practical work experience which will assist them to be employable for Small and Medium Practices associated with SAICA.

With our **SAICA ED Graduate Programme**, unemployed Accounting Graduates with finance related qualifications get an opportunity to gain experience that will make them employable.

This includes 6 months of Work Readiness in a simulated work environment followed by 24 months providing capturing and filing of accounting data.

SAICA Enterprise Development aims to grow South Africa's entrepreneurial ecosystem through advancing the sustainable growth of small Black businesses, which in turn will create employment opportunities.

**We believe in economic transformation through sustainable entrepreneurial development.**

# THE VALUE OF YOUR CONTRIBUTION

Growing SMMEs  
to create jobs

Providing opportunities  
for unemployed  
accounting graduates  
(Graduate programme)

Focusing on township  
revitalization and  
rural development

Impact driven  
solutions that are  
measurable

Long term focus on  
the NDP: vision 2030

***Partner with us to shape the next generation  
of big business through Financial Excellence.***
