ACCOUNTING PRACTICES COMMITTEE (APC)

Background information on the APC

The APC is the technical accounting committee of SAICA. The purpose of the APC is to be the leading African financial reporting technical body for stakeholders in the areas that affect financial reporting, with a view to improving the financial reporting in South Africa, Africa and globally.

In order to fulfil its purpose, the APC intends to play a leadership and influential role by keeping informed of developing trends, developing guidance where necessary, making proactive and reactive submissions on all relevant pronouncements and legislation that affect financial reporting, communicating to and educating SAICA members and business leaders and working with relevant stakeholders to address financial reporting issues in South Africa, Africa and globally.

The APC seeks to attract the most technical and committed members (in terms of professional competence, proactivity and management of relationships) by meeting and exceeding their expectations in terms of development, influence, leading, learning, insight and enjoyment.

The APC proactively influences and comments on all exposure drafts issued by the IASB, IFRS Interpretations Committee and the FRSC.

More information about the APC can be found on the **APC Terms of Reference**.

Application process

Please submit your detailed CV to Lirato Nyathi (LiratoN@saica.co.za) and Sylvia Mahowa (SylviaM@saica.co.za) to apply for this vacancy.

Applications should reach us by **30 September 2026.** Please note that applications received after this date cannot be considered.

Committee activities can be very onerous, and it is therefore recommended that applicants review their personal commitments should they elect to serve on more than one committee.

A positive consideration of applications to fill committee vacancies will contribute greatly to the effective functioning of SAICA.
