

LIQUIDATIONS APPOINTMENTS NOTIFICATION

SAICA received the following feedback from the Chief Director: Office of the Chief Master for communication:

Kindly take note that as **from 10 October 2019**, all Liquidations appointments notification lists will be published. All offices are to ensure that notification of Insolvency appointments are published daily or on the days that appointments are made in smaller offices.

The notifications **MUST** be published on the Notice boards in each office and distributed by e-mail as it was done previously (where applicable). The purpose of publication of the appointment lists had been and is to promote transparency in respect of appointments.
