## SAICA Endorsed Academic and Professional Programmes

*Quality assurance processes over Academic programmes leading to the qualification as a Chartered Accountant [CA(SA)] and the Associate General Accountant [AGA(SA)]*

The South African Institute of Chartered Accountants (SAICA) accredits certain academic programmes for purposes of the Chartered Accountant (SA) and Associate General Accountant (SA) designations.

Programmes endorsed by SAICA are offered by providers as listed below, programmes are endorsed separately (e.g. B Comm and PGDA are separate programmes). Fulltime and distance learning programmes offered by one institution are also considered to be separate programmes and are endorsed separately.

SAICA's endorsement is over and above

- Institutional Audits performed by the Higher Education Quality Council (HEQC);
- Programme accreditation granted by the HEQC (Council for High Education (CHE) is one of the three Quality Councils established in law); and
- Recognition of degrees registered on the National Qualifications Framework (NQF), which is awarded by SAQA.

By endorsing a programme, SAICA certifies that (extract from the Endorsement and Monitoring Framework):

- “a) a provider has put in place the appropriate resources that, if utilised effectively, should enable it to deliver the programme at the required standards and levels of quality; and
- b) the programme meets SAICA's requirements in terms of the standards of learning and teaching.

Endorsement of a programme is **not** an assurance that a provider is achieving the required standard of delivery of that programme. Rather, endorsement certifies that a programme contains the requirements necessary to meet SAICA's endorsement standards.”

An essential element of endorsement is quality assurance and enhancement. Endorsement of programmes consists of initial endorsement and ongoing monitoring. Endorsed programmes are offered by public and private higher education institutions.

## LIST OF SAICA ENDORSED PROGRAMMES (CA(SA) AND AGA(SA)) – 2024

Updated 23 October 2024

As from 2023, all programmes that achieve the status “endorsed” will be listed here. Programmes may also be listed under the heading “Endorsed, subject to meeting SAICA requirements”. For these programmes SAICA may have concerns regarding whether the programme meets, to an appropriate extent, the education and other requirements for endorsement. In such cases the programme will continued to be endorsed provided that the provider takes immediate steps to respond to the deficiencies in the programme.

Students wishing to pursue the CA(SA) or AGA(SA) designations must ensure that the programme they are enrolled for corresponds to the below list (you can use the SAQA ID to check).

For detailed information relating to endorsement of academic or professional programmes refer to the following documents issued by SAICA:

- Endorsement Criteria \*
- Endorsement and Monitoring Framework \*

\* these documents are available on request from the [Executive: Learning and Development \(Mandi Olivier\)](#)

***In order to be admitted to the Initial Test of Competence (ITC), candidates are required to have successfully completed a SAICA endorsed postgraduate qualification. In addition, candidates are also required to have passed all required modules in one academic period.***

***The following programmes are endorsed for purposes of both the Chartered Accountant (SA) and Associate General Accountant (SA) purposes:***
