**Dear Stakeholder,**

**POWER OF ATTORNEY (POA) FOR TAX TYPE TRANSFER ON EFILING**

As you are aware, earlier this year, SARS enhanced the Tax Type Transfer Process for Personal Income Tax to ensure greater security while at the same time preventing Practitioners from failing to release a profile when a new practitioner is appointed.

The enhancement was to enable ease of transfer of tax types between taxpayers, tax practitioners and registered representatives (i.e. Guardians or Executors) on eFiling.

With this enhancement, the approval lies directly with the Taxpayer or the appointed Registered Representative (not the previous Tax Practitioner), to transfer the tax type to the requestor. An online POA must be presented and must be Accepted or Declined in order to complete the transfer request.

Please note, only the online POA approved by the taxpayer or their registered representative will be considered a valid consent for this process.

Thank you for your continuous collaboration with SARS in promoting taxpayer compliance.

Yours Sincerely,

A handwritten signature in black ink, appearing to read 'Mark Kingon', is written over a light blue circular stamp.

**Mark Kingon**
